*A proof is a specimen striking of coinage for  
presentation, souvenir exhibition,  
or numismatic purposes.*

**M**eticulous precision and painstaking attention to detail are reflected in each and every beautifully crafted image in this set. Each coin is created through a rigorous production process which requires that each blank is struck at least twice for absolute clarity. The final stage calls for a stringent coin-by-coin inspection after which the sets are assembled by gloved hands and sealed into transparent presentation cases packaged with attractive folders. The finished product must meet the exacting specifications established by the U.S. Mint.

Minters' accomplishments are recognized worldwide by numismatists and collectors alike for artistic merit and technical accuracy. Their art — our coinage — is a reflection of this nation's history.

*The Proof coins are distinguished by their  
sharpness of detail, and extremely brilliant mirrorlike surface.*

A Message From the  
United States Mint

Dear Mint Customer,

I am pleased to announce the availability of the 1995 Proof Coin Set, a grand addition to any collection and a reflection of American patriotism.

This year we are offering packages of six gift sleeves for the 1995 Proof Coin Sets. You have a choice of "Congratulations", "Happy Holidays", "Happy Birthday", "Happy Anniversary", or a variety package that also includes "It's a Boy" and "It's a Girl." I know you'll like adding these gift sleeves to make your 1995 Proof Coin Sets more attractive.

History truly speaks to you — the collector — in the memorable profiles of Washington, Jefferson, Lincoln, Roosevelt and Kennedy. Each coin is struck twice to produce an image that is sharp and clear. They are never touched by ungloved hands and so they reach you in Mint condition, to be kept for years of admiration and held for future generations.

Later, we will recall the historic events of 1995 as we gaze with admiration at these fine examples of American craftsmanship, created by American artisans.

Thank you for your support of the United States Mint numismatic programs.

Sincerely,

Philip N. Diehl  
Director  
United States Mint
